The school shall call the parent(s) or guardian(s) each day a student is absent from school or not logged on for school-approved virtual learning.

After a student has accumulated three (3) unexcused absences, the school should call the parent to advise them of the absences and the importance of attendance.

All contacts with a parent or guardian regarding absences must be recorded in Skyward using the Attendance monitoring systems. The entry must state how the contact was made and the result of the contact.

If the student accumulates five (5) unexcused absences, the school shall implement the following Progressive Truancy Intervention:

PROGRESSIVE TRUANCY TIER I

Tier I shall consist of schoolwide prevention-oriented supports including, but not limited to, the following:

- 1. Physically healthy learning environment;
- 2. Welcoming, socially-emotionally safe, trauma-informed school climate;
- 3. Access to learning supports;
- 4. A culture of continuous improvement;
- 5. Enrichment activities and clubs;
- 6. Celebration of attendance; and
- 7. A team that monitors attendance data.

It shall also consist of system-wide parent communications reinforcing the importance of attendance and notification of available supports to assist parents with issues that may create a barrier to attendance.

Upon the accumulation of five (5) unexcused absences, the principal/designee shall send a letter

to the parent(s) or guardian(s), or other person(s) having control of the student notifying him or her of the student's absences and that the child's attendance at school is required by law. (See Sample Attendance Letter)

The letter must further advise parent(s), guardian(s), or other person(s) having control of the student that the school must receive any documentation to excuse the absences within five (5) school days. If sufficient documentation is not provided to excuse any of the absences, the principal/designee shall implement the second tier of the progressive truancy intervention.

TIER II

The second tier of the progressive truancy plan consists of the principal/designee convening a conference, either in person or telephonic, with the student and the parent, guardian, or other person having control of the student. Parents may request a hearing and appeal any unexcused absences in accordance with Policy 6.200.

During the conference, an attendance contract shall be signed by the student, the parent(s), guardian(s), or other person(s) having control of the student, and a principal/designee. The model contract to be used is attached hereto. In addition, the school shall have regularly scheduled follow-up meetings (either in person, telephonic, or video), which may be with the student and the parent, guardian, or other person having control of the student to discuss the student's progress until attendance is satisfactory. Any contacts with the parent(s), guardian(s), or other person(s) having control of the student shall be entered in the Attendance Monitoring System contained in Skyward. (See Sample Attendance Contract)

Tier II must include an individualized assessment by the attendance team, behavior team, any other suitable personnel, of the reasons a student has been absent from school, and if necessary, referral of the child to counseling, community-based services, or other in-school or out-of-school services aimed at addressing the student's attendance problems. (See Attendance Strategy Worksheet Attachments) This process should be completed at the conference mentioned above. Please refer to the Progressive Truancy Intervention Guidance Document for details.

TIER III

If the truancy interventions under Tier II are unsuccessful, the schools, including but not limited to the attendance team and the behavior team, shall implement Tier III of the progressive truancy intervention. Tier II interventions are considered unsuccessful if the student's absences exceed what is allowable by the attendance contract signed during Tier II. Tier III may consist of Schoolbased community services, Truancy Diversion Board, referral to the Youth Services Division of the Rutherford County Juvenile Court, and other available resources.

If the student continues to have unsatisfactory attendance and has accumulated 10 or more unexcused absences, please contact the Board attorney so that the matter may be referred to juvenile court.

Parent Worksheet: Understanding the root causes for student absenteeism

We use these questions to help identify the likely causes of absenteeism for a student who is chronically absent. Understanding the root causes for missing too much school can help us determine the best course of action. Is this something that we can help your student and your family overcome? Or is there an underlying issue that requires additional support, perhaps from the school social worker, school nurse or guidance counselor?

TEAM Worksheet: Understanding the root causes for student absenteeism

Use Parent and Teacher responses to help identify the likely causes of absenteeism for a student who is chronically absent. Understanding the root causes for missing too much school can help determine the best course of action. Is this something that you can help your student and his/her family overcome? Or is there an underlying issue that requires additional support, perhaps from the school counselor, social worker or others?
