

**MURFREESBORO CITY SCHOOLS
ADMINISTRATIVE DIRECTIVES**

Descriptor Term: Revocation of Zone Waivers	Descriptor No: AD STU 34	Effective Date: 1/19
Revised:		

1 If the student is close to losing the privilege of attending an out-of-zone school as a result of violating any of the
2 conditions outlined in the zone waiver or Student Handbook, the principal of the choice school shall notify the
3 parent or legal guardian, in writing. The notification will also include behaviors that will be necessary in order for
4 the student to continue enrollment. However, an exception can be made to this process if the violation is so severe
5 that an immediate return to the zoned school is appropriate.

6
7 The principal shall also keep the Director of Schools or Director’s designee aware of students who are in being
8 considered for revocation of their waivers.

9
10 Pursuant to Board policy 6.205, “Students on zone waivers cannot be sent back to their zoned school without
11 approval of the Director of Schools or Director’s designee.” Therefore, if a principal is considering revoking the
12 student’s privilege of attending the school, the principal shall consult with the Director of Schools or the Director’s
13 designee prior to moving the student.

14
15 If the Director or the Director’s designee approves the revocation of the zone waiver, the principal shall also notify
16 the receiving school of his or her intent to revoke the zone waiver privilege and have the student return to his or her
17 zoned school.
